

Learning Activity: Design a Snowflake Costume

Content Area: Arts and Humanities

The Snowflakes whirl across the stage in a blizzard as Marie and the Prince travel to the Land of Enchantment. Their costumes and the choreography together make the characters look like snow falling. If you were a costume designer, how would you design a snowflake costume? What colors would you use? What type of fabric and decorations? What other elements would you include? How would you design it so it could be put on and removed easily (since dancers have to change quickly to dance in another role)? How would you design it so the dancer can actually dance in it?

List all of the parts of your costume:

- _____
- _____
- _____
- _____
- _____
- _____
- _____
- _____

Write a short description of the idea of your costume.

Draw your Snowflake costume on the back of this page!
